

### PRODUCT INFORMATION

This upgraded version of the **Knapheide fixed van shelving package BP646-62** is designed to help HVACR contractors better store, organize, access, and secure the tools, equipment and materials they use on the job. This system is compatible with the van makes, models and configurations listed below and potentially others depending on their body length and roof height. A typical HVACR van setup may house cargo including, but not limited to, ducting, fittings, thermostats, freon tanks, heating, cooling, air quality, and refrigeration systems, and other relevant parts and supplies.
